

Transition at Bevendean

With effect from September 2009, the first point of entry to Danes Hill will be at the age of 3, when children join Transition at Bevendean, our Pre Preparatory Department, where we offer a safe but stimulating environment for the boys and girls to begin their school career.

These first days provide a comfortable 'transition' between home and school, whilst in their second year (Reception), the children start to take control of some of their own learning through the delights of exploration and discovery.

In their third year at Bevendean, children will embark on the first part of Key Stage 1 learning, where our aim is to encourage greater independence and to foster confidence in all areas of their young lives.
